“FAIR PLAY. VOLLEYBALL WAY.”

is an innovative campaign aimed at re-branding, re-shaping and re-enforcing the image and perception of

Volleyball and Beach Volleyball across Europe as a clean and fair sport. By using the players who uphold the core values of good behaviour and respect, the CEV is willing to work with the National Federations, clubs, and organisers across Europe to develop the campaign and its features in the coming years.

In highlighting the unique attributes of Volleyball, the CEV confirms its commitment to social responsibility and its intention to pursue fair play, honesty and a clean sport.

Fair play is often overused, however in Volleyball and Beach Volleyball it represents a real quintessence of the sport. Volleyball has one of the best disciplinary records of all the team sports where the action is focused on the athletic play and not the negative behaviour of

those involved. At all levels the participants act as real role models for the younger generations. Volleyball is a non-contact/non-violent sport that encourages the best of sportsmanship whilst pitting the skills of the teams against each other, only separated by a net. Volleyball and Beach Volleyball are sports that are played with respect and humility, whilst maintaining the passion, competitive edge and will to win that are common to any other sport.

Both disciplines offer everyone the opportunity to participate in a sport that delivers a dynamic and exciting stimulus.

This campaign emphasises that Volleyball players have a real sense of teamwork, and work together to achieve a common goal.

The social responsibility showed in Volleyball and Beach Volleyball's core principles are very relevant in today's global society, making Volleyball and Beach Volleyball a true sport for all.

2014 CEV DenizBank Volleyball Champions League

Foreword by CEV President Mr. André Meyer

Ladies and Gentlemen,
Dear Volleyball fans,

Thousands of people have been waiting for the start of the 2014 CEV DenizBank Volleyball Champions League since the Drawing of Lots held this past June in Vienna. There is something special you get to feel once it is time for the very best Volleyball clubs to square off and embark on their quest for glory. A real Volleyball fever is spreading around and people just can't wait for their heroes to play some of the world's best Volleyball players so as to enjoy the very special ambiance that the Champions League is known for.

This past June, the annual European Volleyball Gala turned into a very special night where we awarded some of the players whose performances and personality had left a mark on the past season where Lokomotiv NOVOSIBIRSK and VakifBank ISTANBUL claimed their first and second title respectively. On that same night we also announced the launch of a very innovative and extremely important marketing campaign whose motto reads "Fair Play. Volleyball Way". With this action the European Volleyball Confederation is trying to re-shape and reinforce the image and perception of Volleyball as a clean, fair, honest and family-orientated sport. This year's CEV Volleyball Champions League is hence going to carry and spread this message across Europe, thereby making sure as many people as possible – especially youngsters – will get to feel and understand the passion, team spirit and the sense of belonging that Volleyball epitomizes. In this sense, we are taking on a social mission whereby we want to disseminate key values that are much needed in today's society.

In order to achieve these ambitious goals, we need the help and support of all those who are fond of Volleyball and every day do their utmost to work for the good of this sport. The 52 teams participating in the 2014 CEV DenizBank Volleyball Champions League will therefore join forces with us so as to make sure the core values of this campaign will turn into reality by implementing a series of social actions to catalyze the attention of media and fans alike.

The continuation of a success story that has been lasting for 13 years owes a lot to the support and help provided by our long-term partners (Champion, Mikasa, and Gerflor) who are sharing that same mission and want to make a real show out of every single Volleyball game. This year CEV was able to contract a title sponsor with Turkey's DenizBank going to be associated with our elite competition for the three seasons. Turkey is a country where our sport has literally boomed in recent times and we are glad to have DenizBank on board for this competition where Volleyball is always showcased at its very best.

A total of 52 teams – 28 men's and 24 women's – are set to compete in the 2014 CEV DenizBank Volleyball Champions League. These figures testify once more that many clubs are interested in joining this exclusive family. With a few newcomers that are set to play Europe's Volleyball elite for the first time and some countries continuing their steady rise to the top, we expect a great Volleyball show right from the prelims and maybe some sensations as all teams will be chasing a spot in the Playoffs and from there straight to the Finals. Waiting for another memorable season to start, I wish the very best of luck to all participating teams, hoping to see you around for yet another Volleyball party!

Yours sincerely,

André Meyer
CEV President

2014 CEV DenizBank Volleyball Champions League

Voorwoord door Philippe Muyters, Vlaams minister van Sport

Beste sportliefhebber,

Vlaanderen wil zich blijven profileren als een regio waar een goed sportklimaat heerst en waar sport een sociale en maatschappelijke rol vervult. Het Vlaams sportbeleid is er dan ook op gericht de sportparticipatie te verhogen. Als Vlaams minister van Sport wil ik zoveel mogelijk mensen aanzetten om ieder op zijn niveau, zo geregeld mogelijk te laten sporten in kwaliteitsvolle omstandigheden.

Topsport heeft in dat opzicht een voorbeeldfunctie. Topatleten kunnen inspireren en jong en oud stimuleren om meer en beter aan sport te doen. Op belangrijke topsportevenementen met internationale topconcurrenten, kunnen onze Vlaamse topsporters en beloftevolle jongeren hun rol als (sport)ambassadeur maximaal waarmaken. De Vlaamse overheid reikt topsporters en organisatoren van topsportevenementen daarom graag de hand om dit ook op Vlaamse bodem samen waar te maken.

De Vlaamse overheid biedt ondersteuning aan internationale topmanifestaties in Vlaanderen en Brussel. Deze evenementen moeten Vlaanderen een positieve internationale uitstraling bezorgen. Ze kunnen onze getalenteerde atleten optimale ontplooiingsmogelijkheden bieden om topsportprestaties te leveren op Europees en wereldniveau. De jonge talenten krijgen op hun beurt de gelegenheid om internationale ervaring op te doen voor het eigen enthousiaste publiek.

Het ondersteunen van actieve topsportpartners is om al de hierboven genoemde redenen dan ook een belangrijk onderdeel van het Vlaams sportbeleid. Deze toporganisatie voldoet aan al de door de Vlaamse overheid vooropgestelde doelstellingen zoals vastgelegd in het Vlaams sportbeleid via de criterialijst Topsport Vlaanderen.

Geniet van het sportieve spektakel dat u te zien zal krijgen en laat het een inspiratiebron zijn om ook zelf aan het sporten te slaan!

Met sportieve groeten,

Philippe Muyters,
Vlaams minister van Sport
